## Kaplan Language School

### WHO WE ARE

We are part of a very large training company which allows us to bring learners together from many different backgrounds and disciplines.

At the Kaplan Language School in Singapore, we have managed to combine the benefits of small personal language classes within the busy environment of the wider Kaplan school. Our facility is shared with a number of our other courses and in total has a student population of about 3,500. This ensures that we are able to maintain a vibrant, social and effective learning environment for all of our learners.

“ *KAPLAN is the world’s largest training company and has a reputation based on quality, dedication to learning and the success of our results.* ”

### ABOUT KAPLAN

Kaplan Inc, part of The Washington Post Group, is the world’s largest training company. There are a number of Kaplan schools and training companies in Singapore where the group has operated since 1997. These offer a variety of training in language, management, finance, other professional qualifications and degree courses. The Kaplan Language School is based in our purpose-built facility in the heart of Singapore.

## Which pathway should you take with Kaplan Language School?

The **General English** courses provide learners with the language skills they need for communication in a variety of situations. General English courses are suitable for learners who are interested in using English for everyday functions and in social contexts.

The **Professional English** courses provide learners with the language skills they need for communicating in business situations. PALP and PBEP are suitable for learners who are interested in working in English-speaking environments and studying for professional qualifications in English.

The **Academic English** courses provide learners with the language skills they need for admission to study in English-medium colleges and universities. AEP courses are suitable for learners who are interested in pursuing higher education in international institutions, and for those who wish to read and write at more advanced levels.

### GENERAL ENGLISH

- ④ **Elementary**  
This course provides a strong foundation in English language. Learners develop basic speaking, reading, writing and listening skills and are introduced to a range of essential and practical vocabulary. Meaningful and creative lessons provide a context for developing learners' confidence as users of English.
- ④ **Pre-intermediate**  
This course develops the knowledge and skills acquired at the Elementary level. Learners' understanding of English is strengthened and their abilities to use the language communicatively are extended. Interesting and stimulating materials help learners to make steady progress and gain confidence in their English language skills.
- ④ **Intermediate**  
This course gives learners opportunities to expand their grammar and vocabulary to enhance their spoken and written English and to improve their reading skills. Learners' speaking and listening competence is developed to a level that enables them to communicate effectively and independently in English.
- ④ **Upper-intermediate**  
This course enhances learners' skills to the level of confident, proficient users of English. Learners are introduced to an increasingly wide range of listening and reading materials. Speaking and writing skills are developed to enable learners to function effectively and fluently in an extensive variety of English language contexts.

“ *Our School carries the SQC accreditation: providing you with peace of mind about our quality and guaranteed sincerity.* ”

## PROFESSIONAL ENGLISH

## Living And Studying In Singapore

Singapore is the premier international education hub in Asia. As an English-speaking country, it is the ideal place to learn and use English in the classroom and in daily life.

Singapore has a multi-cultural population of 4 million people. The island has a vibrant city lifestyle with a variety of festivals, attractions and activities.

Singapore has one of the most efficient, extensive and high-quality transport systems in the world. Travelling into the city from the suburbs on public transport is quick and affordable.

The cost of living in Singapore is relatively low and basic items like food and clothing are very reasonably priced. An international student studying in Singapore can expect to spend between S\$750 to S\$1,200 a month, depending on lifestyle.

*“ Located in the heart of the shopping district of Singapore, and conveniently located by a main MRT station, our facilities ensure that learners can make the most of their time in Singapore. ”*
