I would like to thank all my lecturers at Kaplan including Mrs. Connie Richardson, Mr. Rhys Johnson, Mr. Saminathan and Mr. Dominic Danraj for all the knowledge that they imparted and all the help that they extended with regard to my doubts and queries. I feel that the lecturers at Kaplan have deep understanding of the subjects that they teach. This enables them to provide students with a great deal of insight into the application of these subjects in the practical world, adding value to the knowledge of the students. The administrative staff – especially Patsy and Linda Ng have been very kind and generous while assisting me with the processing of my student pass and other administrative issues at Kaplan for their ACCA courses.

GOLDI GUPTA (1st World-wide, 1st in Singapore, ACCA Paper 3.5) (ACCA Bronze Medalist in Singapore)

Doing core papers was more challenging than I initially thought. This is the first time I studied for any exam part-time while working full-time. Hence, finding time to study became a real challenge for me. I wish to thank everyone who supported me, helped me and believed in me. I would also like to thank the lecturers and staff of Kaplan who were always so helpful. The course material and lecture notes are very comprehensive and well structured.

And just a friendly advice for those who are doing P3 this time to study the notes well. Do not mug up the models but understand the concepts. And it is not about quantity but quality of answers.

MR. HENG DUWEI (1st in Singapore, ACCA Paper 3.7)

I signed up with Kaplan as I'm totally convinced by the professionalism and the confidence instilled from the lecturers. Despite paying a premium school fees in Kaplan, all was well worth as comprehensive facilities and excellence guidance are provided. Kaplan have competent lecturers such as Sami, Roy Goh, Lee Pei Yee, Connie Richardson, Helena Johnson who will definitely make your ACCA journey an interesting and pleasant one. HO XUAN NGUYET (1st in Singapore, ACCA Paper 2.3)

First of all, my great thanks go to my Taxation lecturer, Ms Lim Sok Poh. Thanks to her, I could get high marks in the examination. In the past, I don't like the taxation because I thought taxation was too complicated but now I enjoy studying taxation.

I would also want to show my appreciation to my lecturers Mr Edwin Ee, Mr Kweh Soon Han and Mr Saminathan. Without their help, I believe I could not pass the examination. In addition, I also appreciate the school's arrangement to extend the operating hours of the library and study rooms when examinations are drawing near so that the students can study longer hours at school. Actually, this kind of arrangement facilitates our study.

Nothing good comes easily, and achieving a prize for ACCA qualifications is definitely a challenge. But by choosing the correct institution, lecturers and study methods, exam success is achievable. The patient, helpful and approachable lecturers at Kaplan Singapore have guided me throughout my ACCA studies. I would like to thank the following lecturers: Mr Edwin, Miss Khoo Li Teng, Miss Yvonne Goh, Mr Saminathan and most importantly Mr Dominic. Mr Edwin, always ensured that he conducted the class in an interesting manner, he clearly had a passion for teaching. Miss Khoo, always went the extra mile and did more than what was necessary for our class, she photocopied extra question to supplement our course materials. Miss Yvonne Goh was always patient and very willing to clear all our queries and doubts relating to the subject. Mr Saminathan is one of the best lecturers that I have ever come across. His lectures and study materials were the critical success factor for my achievement in 3.4.
